1 If my parents are talking to me I will listen to what they say and not look at my mobile device.

2 If a parent interrupts me during allocated screen time I will not argue.

👉👍📱👁️👁️🙇🙇

3 During screen free time I will not ask for additional screen time and will find other things to do as there is more to life than my device.

4 I will not bring my mobile device to the dinner table.

2 I agree to respect the time my kids have to play on their devices and will only interrupt if I believe it is important to do so.

🎮🎵🧠🐱

3 During my kids screen free time I will not dictate what they have to do (unless it's homework related).

4 I will not bring my mobile device to the dinner table.
